

Rebate Tier Nomination Form

Many Australians are entitled to the Australian Government Rebate on Private Health Insurance. The amount of Rebate you'll receive is based on your household income, the age of the oldest person on your membership, inflation (CPI) and average health fund industry price increases using a complex Government formula, and applies to the standard membership payment of all Peoplecare products. If you have a Lifetime Health Cover loading, the Rebate isn't available for that portion of your payments.

If you're entitled to a Rebate, let us know your Rebate Tier and we'll automatically adjust your membership payments. The table below will help you work out your Rebate Tier.

If you don't let us know, we'll automatically charge you the full premium without any Rebate. If you're entitled to a Rebate, the tax office will give you your Rebate when you lodge your annual tax return. You can nominate a new Tier at any time.
